REMARKS

In response to the Restriction Requirement of February 19, 2004, Applicants hereby elect Invention I, corresponding to Claims 1-46. Applicants have canceled Claims 47-79 corresponding to Invention II. This cancellation is being done without prejudice to the filing of any divisional application for these and/or other claims. This election is without traverse because Applicants agree that a determination of the unpatentability of Invention I would not necessarily imply the unpatentability of Invention II.

In view of the above, Applicants respectfully request favorable examination and allowance of Claims 1-46.

Respectfully submitted,
